

**November 8-9, 2023**

**Little America Hotel | Flagstaff, AZ**

The annual Southwest One Health Symposium is designed to bring together diverse disciplines, resources, and strengths to establish a comprehensive view of One Health research and action in the American Southwest. This year, the Symposium will feature an interactive workshop, networking opportunities, plenary lecture, and a full day of talks that address One Health topics across multiple disciplines and experiences.

### ***Symposium One Health Workshop***

Wednesday, November 8th, 2-5pm

Topic to be determined. Space will be limited.

### ***Nathan C. Nieto One Health Memorial Lecture***

Wednesday, November 8th, 5:30-8pm

Speaker to be determined. Appetizers and beverages provided.

### ***Symposium***

Thursday, November 9th, 8am-5pm

Sessions will include talks on:

- Antimicrobial resistance and healthcare-associated infections
- New technologies in One Health
- Microbiome
- One Health outbreaks
- Climate health

**Details are forthcoming. Visit [www.southwestonehealth.org/symposium](http://www.southwestonehealth.org/symposium) for updates.**
